YALE DOWNED BY HARVARD

THE GREAT BASEBALL MATCH AT CAM-BRIDGE WITNESSED BY MANY THOUSANDS.

Cambridge, Mass., June 23.-Yale lost the game with Harvard to-day by a score of 7 to 5, in the presence of the largest crowd which has assembled on Holmes Fleid in years. Harvard was the favorite at the start, but the Yale boys were expected to make a stiff battle. The stands, with their huge class day crowds, were a mass of waving colors and brilliancy, and the enthusiasm throughout the con test was unbounded. A small coterie of Yale men test was imbounded. A small coterie of Yale men was present and cheered the nine heartily. Charlie Faine pitched a great game for Harvard. With men on bases he was welmigh invincible. He was spicinistly supported by Scannell behind the bat. There was little brilliant work on either side. Keator played great ball in centre field for Yale. Keator played great ball in centre field for Yale, but even he made a bad fumble in the eighth, which let in a run. With the score against her, Yale made a desperate rally in the ninth after two men were out. Letton lined out a clean hit to right field, and Greenway followed with a two-bagger to left centre, but Fincke closed the game by striking out. Attendance, 7,000. The score:

SAILING FOR THE ADAMS CUPS.

TROPHY AND THE DOROTHY THAT FOR MAINSAIL YACHTS.

The sloops and mainsail yachts of the Atlantic Yacht Club sailed for the Adams cups yesterday Vice-Commodore Frederick T. Adams lately presented to the club two prizes—a silver cup, value \$100, for sloops of Series B, which includes yawls o sloops from fifty-one feet racing length down to those of twenty-five feet racing length; also a silve cup of the same value for mainsail yachts of Series C. which includes those between twenty and thirty feet racing length.

The entries in the sloop class were as follows The Penguin, owned by George E. Brightson; the Eidolon, owned by James Weir, jr.; the Akista, owned by George Hill; the Iola, owned by G. T. Russell, and the Hydrlad, owned by G. R. Brown, For owned by George Freeth; the Uncas, owned by J. S. Negus, and the Ethel, owned by E. J. Bergen.

The course for the sloop class, as chosen by the Regatta Committee—Newbury D. Lawton, David E. Austen and George W. McNuity—was No. 7, being from the starting-line, off the Atlantic Yacht Club wharf, to the bell buoy off Bay Ridge, thence to the bell buoy near Robbin's Reef Light, thence to red buoy No. 14, and back to the finishing-line, all buoys being left on the starboard hand; the distance sailed on rounding this course three times will be thirteen and a half miles. The course for the mainsail yachts was from the starting-line to the bell buoy off Bay Ridge; thence to red buoy No. 14 and back to the finishing-line, the distance three times around being ten and a half miles. As these races were sailed over the Upper Bay courses, the signals were displayed from the flagstaff in front of midget Wilhite knows nothing yet about riding the clubhouse. In spite of the fact that the club horses on a straight course. All his riding up to a winning yacht, there were no candidates for souvenirs of this kind, and the racers went off on their cup-hunting contests without being honored in the way made permissible by the rules.

After the preparatory signal the sloops were sent off at 3:15 o'clock, one-gun starts being the order of the day. While all were timed at the signal, the boats crossed in this order: The Akista first, with the Penguin to windward and the Eidelon following in the wake of the Akista. There was a good southerly breeze blowing, and the boats could just lie their course close-hauled to Buoy No. 12, off Bay

After the start, it was noticed that the Akista fell off considerably to leeward, and that although she seemed to point as well she did not retain her grip to windward. At the first mark the sloops eased off | St for the run to the Robbins Reef mark, the booms being to starboard. At the second mark, all jibed for the broad reach to Buoy No. 14, with booms to port. The last leg of the course, from Buoy No. 14 to the mark at the clubhouse was a bent to

At the end of the first round the Eldolon, which was ably salled by "Eddie" Fish and her owner. Mr. onds, and the Akista two minutes and fifty-five seconds, the official times being as follows: Eidolon, 4:07:59; the Penguin, 4:09:00; the Akista

The mainsaft yachts were sent off five minutes after the sloops, at 3:25. The Uncas got off first, followed the sloops at 3:25. lowed by the Dorothy, with the Qui Vive on the Dorothy's weather quarter. All these cathoats were reefed, and sometimes in the course of the race they seemed to want something more than a single tuck, as the puffs coming up through the Narrows had a good deal of body in them. smaller yachts was fike that of the stoops, except that the Robbins Reef mark was omitted; and after rounding the Bay Ridge bell buoy they went straight to Buoy No. 14. At the end of their first round has Dorothy was a long way ahead of both aer competitors, while the Qui Vive was acting in the same unpleasant way toward the Uncas. The official times were: The Dorothy, 4:11:30; the Qui Vive, 4:18:15, and the Uncas, 4:24:40.

At the end of the second round of the sloops it was found that the Eldolon had not greatly improved her lead, while the Akista had lost more ground. Their times were as follows. The Eddolon, 4:54:45; the Peguin, 4:56:43; the Akista had lost more ground thus; The Dorothy, 4:58:29; the Qui Vive, 5:68:25; the Uncas, 5:17:58.

The rest of the sailing during the third round was somewhat uneventful in both classes, though the boats were going at a rare good pace in a thorough satisfactors contest, which held no flukes. At the light the the Akista and the Eddolon. As it was, the latter boat only won by twenty-five seconds after giving the Akista her required time. On the last leg to the finish the Akista did not quite make the mark and had to make a short hith of a few yards. This slight delay evidently cost her the cup. ON WEST SIDE TENNIS CLUB'S COURTS. The metropolitan championship lawn tennis tournament continued yesterday afternoon at the West Side Tennis Club's courts. Eighty-ninth-st, and Central Park West. Three more players in the championship singles dropped by the wayside, and there are only five left to battle for the honor of having the first name inscribed on the new 200 trophy offered by the West Side Club. Fischer meets Paret and Parker meets Davidson this afternoon, and the winners of these two matches with Millett will fight out the last matches to-morrow and Saturday for the new championship.

George Wrean, the champion's younger brother, made his first appearance of the season in the doubles, and he and Millett, his partner, are the favorites for first honors in the doubles. Fischer and Parker are also entered together, and will probably meet Wrean and Millett in the final round to-merrow, when an exciting match is looked for.

The scores of yesterday's matches were as follows:

ITEMS OF INTEREST TO GOLFERS.

PLANNING A SERIES OF CONTESTS BETWEEN ENGLISH AND AMERICAN PLAYERS.

project that is causing considerable interest among golfers just now is the plan recently set on foot by the St. Andrews Club, which hitherto has been identified with several of the most successful golfing tournaments in the East, of arranging a series of contests between some of the crack English and American players. The scheme is to bring over half a dozen well-known amateurs, and to sold a sori of international tournament on the St. Andrews links. Charles Broadwood, the English amateur who has been prominently identified with the sport recently, has practically completed arrangements with John Reid, president of the St. Andrews Club, and the meeting is now virtually assured. It is not improbable that the English team will arrive in time to take part in the American championship, to be held at Chicago in September. In such an event, the Western meeting would have the distinction of being the first international contest of the kind ever held in this country. It may happen that the St. Andrews Club will delay the formal opening of its new course until Labor Day, in order to sig-nalize the occasion by the presence of the English team, though this is not certain. The probable outcome of such a visit will undoubtedly be a meeting with an all-American team, or, at least, an Eastern team composed of the most prominent players here-abouts. Just who the English players will be is still uncertain, though some of the nossibilities are A. J. Alen, John Ball, fr., the former open champlon; Frederick Tait, Halfour Melville, H. A. Hilton, the present open champlon, and Charles Broadwood, More definite news is expected within a few days.

Two new professionals arrived in this country from See land on Tuesday. They are James Laing, who has already been engaged to take charge of the Crescent Athletic Club's links at Bay Ridge and George Duncan, who will be the new greenskeeper at the Evanston Club, near Chicago. Both hall from the St. Andrews Club, of Scotland, Duncan having been an assistant to famous old "Tom"

PAN-AMERICAN DELEGATES IN PITTSBURG Pittsburg, June 23.-When the Pan-American rolled out to meet their special train as it neared orge and furnace, they rejoiced. There has been want more of it to be from factory chimneys and want more of it to be from factory chimneys and less from banquet board cigars. Pittsburg business and hospitality began at Altoona. A committee headed be Mayor Ford of Pittsburg, Mayor Geyer of Allegheny and President Brindley, of the Chamber of Commerce, boarded the train and made speeches to the visitors. The great from and steel industries of this part of the State were dwelt upon and then the nosts pointed out places of interest such as Horseshoe Curve and Johnstown.

IN THE CYCLING WORLD.

President Potter is sincere at present in his determination not to be a candidate for re-election as Chief Consul of the L. A. W. in this State. He thinks that some one else should step in and do the work Bereafter. Vice-Consul Underhill, of Schenectady, may also decline a renomination, as he feels that his business duties will take up all his time for the next few years. The voting for the ne officials will not be until October, and many changes omen; will not be until October, and many changes can take place in that time. If the work of the Nominating Committee had been finished and the ballotting was to begin to-morrow the chances are that Walter Jenkins, of Buffalo, would be elected Chief Consul and M. M. Belding, of this city, Vice-Consul. It is, however, a long time until October, and several things may happen before then. President Potter stopped over at Poughkeepste on his way back from Saratoga to witness the boat races. He is a firm friend of Cornell, and he thinks that his favorite college will win the big race to-morrow.

General regret will be expressed that Bald and circuit at Manhattan Beach on Saturday. Still, the Kings County Wheelmen have prepared an attractive programme, and some excellent sport is sure to be seen. The entry list is a large one, and includes most of the fast riders who have been on the State circuit. The race between Bald, Cooper and Kiser at Philadelphia on Saturday, coupled as it is by a at Philadelphia on Saturday, coupled as it is by a time trial by Michael, will draw out a large attendance. Kiser will probably be the favorite in the betting, although the friends of Build think that the Buffalo man will capture the first place. The winner will get a percentage of the gate receipts, which will be considerable with fair weather. Cooper has left the circuit and gone on to Philadelphia with his trainer, to get accustomed to the track. He passed through this city yesterday. He ascribes his indifferent success on the circuit to poor health. Cooper says that he is now in good condition, although he does not think that he is riding nearly so fast as he was able to early in the spring.

In the mileage contest of the Century Wheelmen of New-York, from March 1 to June 1, the mileage of the ten leaders is as follows: Theodore F. Hauschildt, 3,741 miles; Cluny M. Henderson, 3,200; Edwards, 2,105; James V. Bradley, 2,875; Edmund Munck, 2,624; Charles E. Thurston, 2,561; E. E. Seymour, 2,596; Fred C. Klinker, 1,888; Charles A. Lehritter, 1,830; William H. Mackey, 1,745. In the contest for most centuries ridden, E. E. Seymour is first, E. S. Edwards second, and Theodore F. Hauschildt third.

the New-York State Division will not be held at Saratoga next year. The hotel arrangements were next year. The notel arrangements were not satisfactory, one hotel charging the cyclist guests 25 cents a day for the privilege of keeping their wheels in the cellar. The racing was good, but the attendance was small, and the division will make no profit out of the meet. Racing at Saratoga in June could never be made profitable, as the season there does not open until several weeks later.

Gentlemen of Philadelphia and Middlesex, which began on Lord's Ground here on Monday, was ended to-day, and Middlesex proved victorious by a margin of seven wickets.

The Americans started their second innings with A. M. Wood and H. C. Thayer, and the pair immediately set to work to reduce the lead by 117 runs obtained by Middlesex in the first innings. Both men batted vigorously and well, and the runs were put on in a manner which did not at all suit Captain Webbe. He changed his bowlers frequently, but it was not until the score stood at 81 that Thayer was caught and bowled by Rawin for a most useful innings of 20.

J. A. Lester then partnered Wood, and the two soon wiped out the Middlesex lead, and continued piling on the runs in great style. With the total at 145, Lester was disposed of for 31, and the vacancy was filled by J. B. King. The newcomerals of this share in the run-getting, and the wicket and put on 55, when he was bowled by Stoodart for 22. Wood was playing in spindid style, and when the interval arrived for luncheon. After luncheon a vast changer came over the American batting, and the whole side was out for a total of 20, of which Wood's share was.

Middlesex had no time to lose, and the men went in to all t, and the score shows their work. The following is the score of the control of 20, of which Wood's share was a Middlesex had no time to lose, and the men went in to all t, and the score shows their work.

TO FROHIBIT RIDING ON SIDEWALKS. Alderman Ware, who is chairman of the Law Committee of the Board of Aldermen, said yester-day that he would probably introduce a new ordinance at next Monday's meeting of the Board to promible bicyclists from riding on sidewalks in the city or coasting on hills. Magistrate Simms wrote a letter to Mr. Ware on Tuesetty, which was published in yesterday's papers, suggesting that a city ordinance would certainly make bicycle-riding en sidewalks a misdemeanor, whereas the present ordinances can be construed so as to make it lawful. Alderman Ware had not received the letter yesterday, but had read it as published in the papers. "I think that the Penal Code is clear enough on this point," said he, "but a special ordinance will not do any harm, anyway, and would clear up any possible difficulty for the Magistrates. As they want such an ordinance passed, I think the committee will report on a special ordinance." Committee of the Board of Aldermen, said yester-

Troy, N. Y., June 23.—The New-York State Division races of the L. A. W., under the auspixes of the Troy Bicycle Club, at Renselaur Park to-day, were attended by about six thousand spectators, and, although the track was not good and a strong head wind was in evidence, the riders made excellent time. W. H. Birdsall rode an exhibition half-mile, flying start, in 1:01-5. He was puced by the Barnes black-and-white tandem team, and the time was wonderful, considering the disadvintages of the day.
